MOSERS Retirement

We not only provide retirement benefits to our members, but our employees are also members of our plan as well. New MOSERS employees contribute 4% **and MOSERS Contributes 32%** of pay towards their [defined benefit retirement](#). As a member of a defined benefit retirement plan, you are guaranteed a monthly payment for life in retirement once you meet age and service requirements (5 year minimum). Our plan also allows you to designate your spouse to receive a lifetime of benefits after your death. To calculate your monthly retirement benefit we use a three-part formula.

Highest 36 Months of Pay x Multiplier (0.017) x Length Service in Years = Monthly Payment
